

Crowley Liner Org 025816 Tariff 001	Date Filed: 06-03-2024	Date Effective: 07-21-2024	Rule #: 18	Revision: 55 Publishing Code: R
Rule Name:	Vessel Fuel Charges			

METHODOLOGY: Crowley will use a combination and weighting of MGO and VLSFO fuel prices as published by [Ship and Bunker](#). This averaged and weighted fuel price will be used with the index table in this rule to determine fuel charges. If the average price is higher or lower than the current index tier average price, Crowley will adjust the fuel charge based on corresponding tier a minimum thirty (30) days later.

All tariff and contract rates will be subject to a **Vessel Fuel Surcharge** as outlined below:

- The below fuel applies to all trade lanes **except** between the U.S. and Puerto Rico, which can be found [here](#).
