

Crowley Liner Org 025816 Tariff 001	Date Filed: 5/15/2018 Date Effective: 6/14/2018 Revision: Original Publishing Code: I
Rule Name: USDA COMMODITY CONDITION CERTIFICATE	
<p>A. Water carrier requires U.S.D.A. Commodity Certificate upon receipt of Fresh Fruits and Vegetables under the conditions listed below: (See NOTE 1)</p> <ol style="list-style-type: none"> 1. When water carrier's equipment is loaded away from water carrier's facility. 2. When the inherent vice of the commodity is such as to adversely affect the condition thereof during transit. <p>B. Cargo inspection shall occur at time of loading water carrier's equipment, and shall be secured at the expense of the beneficial owner of such cargo. If the certificate does not accompany, or precede, receipt of the loaded container, the water carrier will then arrange to have inspection made at its receiving facilities. All charges assessed by U.S.D.A. for such cargo inspection will be at the expense of the beneficial owner.</p> <p>NOTE 1: Water carrier will advise shipper at time of booking.</p>
